Release Notes for Edits Management Tool (EMT)
Release Date: April 24, 2017

This installation assumes that WinRecs 293.3 is already installed.

EMT Editor

0102 When creating a Logical Condition that is referring to the Same Occurrence (Multiforms), the drop down list was displaying blank for some users who were attached to a Role ID. This has been fixed and if a user contains a Role ID value in the User Profile, the Same Occurrence drop down list will now display.
