Release Notes for WinRecs 2021.01.93

Release Date: May 5th, 2021

 This patch provides edits, enhancements and problem fixes as detailed below. This release is cumulative only after the most recent WinRecs Update has been applied and therefore must be run on WinRecs installations that are on *version 2020.01 or later*

For additional information on this, or previous releases, contact MED2020 Customer Support support@med2020.ca

WR3-13	**Add NRS Field Definition to assessments** The field definitions are now available in a side Window
WR3-14	**Add CCRS Field Definition to assessments** The field definitions are now available in a side Window
WR3-15	**Add Mental Health Definition to assessments** The field definitions are now available in a side Window
WR3-31	**CCRS exception error MDS when F5 new Quarterly** An issue has been fixed that was triggering an exception error when creating a new quarterly assessment.
WR3-35	**Grand River Rehab_VR RCG field returning incorrect value and description.** Modified the view RehabAdmission_VR and Rehab_VR to replace lookup table for RehabilitationClientGroup.
WR3-38	**NRS - Duplicate Diagnosis Field** Older ICD9 versions of the diagnosis field have been removed
WR3-39	**NRS ICD10 Picklist VS WinRecs Descriptions** Some missing descriptions have been added to the table
WR3-40	**Visit history window pane resequencing not working when user profile attached to a roleID** The visit history resequencing settings are now linked to the role ID

WR3-41	**Rehab Weight returns 0 but RPG and Rehab group and LOS displays** An issue has been corrected with the calculation and the weight will now return a value.
WR3-42	**Rehab Main Diagnosis not displayed in visit history** The main diagnosis will now display in the visit history window.
WR3-43	**Add Register Number to the I10_AbstractingGeneral_VR** The register Number has now been added to this view
WR3-44	**Default Diagnosis Type 9 With Diagnosis Code U077** This default will now be applied.
WR3-45	**NRS dx error message when selected doesn't direct you to the multiform** Clicking the value in the error message pane will now launch the multiform and bring you to that field.
WR3-47	**Add field 'ROI Legal Comments' field in CPI.** Added the field "ROI Legal Comments" into CPI. There is now also the ability to modify the "ROI Legal Comments" in ROI module.
WR3-48	**CCRS, OMHRS, NRS Assessment naming convention states Period Instead of Quarter** An issue with the submission file has been corrected to properly display the quarter when chosen for submissions.
WR3-49	**CCRS - Admission Assessment (OA) - Admission Date Change** When the admission date is changed in the admission background assessment it will now update the admission date field in the other assessments for that series of care.
WR3-51	**Fiscal 2020 DAD Institutions and Types V1.13 Apr 2021** The updated institution list is now available for 2020 records
WR3-52	**Fiscal 2021 DAD Institutions and Types V1.3 Apr 2021** The updated institution list is now available for 2021 records
WR3-56	**Cancer Care Module the Morphology Code-O3 does include the 2021 updated table** This table has now been added with the 2021 values

WR3-57	**Cancer Care Module Topography Code and the Morphology Code O3 Defaults** The correct Clinical Stage Chapter at Diagnosis value will now be defaulted
WR3-59	**NRS Lookup Tables** RCG, Diagnosis NRS and Intervention NRS tables are now all available in lookup maintenance.
WR3-63	**Visit Information Not Showing In Purge Module** An change has been made for user permissions to the purge module. Previously the module would still open but display blank headings when the user did not have permissions. Now the care type will not show up at all if the user does not have permission.
WR3-65	**Visit History Panel Doesn't Display All Columns** Previously there was an issue for new users where there were no default columns set up in the visit history side window. Now when new users are created, they will be given the default visit history window fields.
WR3-54	**Manitoba Health - 2021 Updated Edit Spec** Rule adjusted to allow Institution 69698 with discharge disposition code 40 and MH Facility number 9999.
